### Area Attractions

#### Kinsale - Gourmet Capital of Ireland

A little under a half hour's southerly drive from Cork, and at the gateway to scenic **West Cork**, is the quaint deep-sea fishing and yachting town of Kinsale. Once a medieval fishing port, historic Kinsale is one of the most scenic resorts on Ireland's southwest coast. Visitors will find no shortage of cafés and restaurants to suit every taste, and the surrounding scenery is quite simply breathtaking. In recent years, the town has also become a world-class golf destination. Other activities include heritage town walks, an annual gourmet festival, a wine museum and, in neighbouring Summercove, 17th-century **Charles Fort**.

#### Cobh

A 25-minute drive southeast of Cork city takes visitors to the historic port of Cobh (formerly Queenstown). The town is famous as the last port of call of the doomed Titanic on its maiden voyage in 1912. These days, it's still a favourite dock for cruise liners from around the world. Millions of Irish who emigrated to North America and elsewhere during the 1800s and 1900s departed from here, most never to return. The town is dominated by **St. Colman's Cathedral**, which dates from 1868. There's a 60-minute Titanic Trail walking tour, and other attractions include the **Titanic Experience**, the **Cobh Museum**, and the **Queenstown Story Heritage Centre**.

#### Take a Boat to Spike Island

In the 6th century, Spike Island was the site of a monastery, and more than a millennium later was fortified as the 24-acre star-shaped fortress of Fort Mitchel. Its main use since then has been as a prison of one sort or another. Visitors can tour the entire complex, seeing various prison cells used from the mid-1800s to the 1980s, and hear stories of some of the famous prisoners. Inside the fort's deep tunnels are defence guns, and in the Artillery Gun Park are weapons, from cannons to modern military equipment. On the ride over, you'll hear about the history and get views of Cork Harbour and Cobh.

#### Blarney Castle

Just northwest of Cork city is one of Ireland's most talked-about attractions, Blarney Castle is home to the world-famous Blarney Stone, said to instantly give those who kiss it the Irish "gift of the gab." Built more than six centuries ago by Irish chieftain Cormac MacCarthy, the castle attracts tourists from around the world. Inside the castle, visitors can climb the battlement to kiss the famed stone and take in the views, and also explore the massive stone building - dungeons included. Explore the castle grounds to find gardens, the Wishing Steps, Badger's Cave, the Witch Stone, and the Witch's Kitchen. Shop for Irish sweaters, crystal, and gifts at the adjacent Blarney Woollen Mills.

#### Jameson Distillery Midleton

At Jameson Distillery Midleton you'll come face to face with the largest pot still in the world, see the new micro distillery in action, experience the live maturation warehouse and taste whiskeys along the way.
